

Dear \_\_\_\_\_,

I am conducting a study for a class researching information consumption, production, and need in minority-serving student organizations by providing a limited case study of the Society of Women Engineers. I was wondering if you would be willing to give 30 minutes of one of your office hours for a quick interview. This is entirely voluntary, but your participation may help information researchers better understand organizations like SWE and may be of some benefit to SWE in helping to determine directions for its information-related endeavors

Sincerely,  
Kalev Leetaru
